the product was distributed to retail outlets in illinois, wisconsin, oklahoma, texas, michigan, louisiana, kansas, indiana, georgia, flo

after a week, the one with the clay had started to fill in nicely, while the other one was red and sore

i was home alone, and terrified

but francer’s system of testing, monitoring, approving, prescribing and reimbursing medicines has been thrown into question.

i would hate to think of what would happen if i never checked

blame it on tradition, blame it on kids are out of school.
